POWERED BY  OPERATION THIRTY SIX

## Fairbanks Ranch Country Club ACADEMY COACHES

Welcome to our Fairbanks Ranch Junior Golf Academy, Operation 36! Our mission is to provide a golf development plan for your junior golfer specifically targeted to support achieving their goals for this sport. Operation 36 is a platform used by facilities across the nation consisting of a team of coaches working with parents to support juniors in their journey toward shooting par or better for 9 holes!

Each junior enrolled in Operation 36 will be issued a bag tag as well as a profile in our new Operation 36 mobile app. The Operation 36 platform consists of six levels and includes a 12-badge curriculum that our certified team members will deliver throughout the year. Upon demonstration of objectives, juniors will earn badges [applied on their bag tag]. Also, each Academy member will be able to track and log progress in the mobile app. Their Golf Actions will be tracked in a social activity feed with points awarded for achieving badges as well as playing/practicing outside of structured classes.

To graduate from Operation 36, your junior must have progressed through all six levels and will ultimately shoot par or better for 9 holes from their age-appropriate tee box!
