The Counselor in Training (CIT) program will prepare and train your child with basic career skills and provide a social component to build friendships. Our weekly workshops will focus on developing career building skills, such as resume writing and interviewing skills. Some of the topics will be presented by inspiring and influential speakers who are successful in their respective fields. We have also revamped our program to include social activities such as a CIT pool party, outings to local restaurants, and team building. Your child will not only spend their summer supporting campers daily, we will also provide them with a nurturing setting to learn important life skills, time management, responsibility, and accountability. CIT who successfully complete the program will be eligible for hire at the age of 16.

The tuition includes a mandatory training (CPR, AED, First Aid certification), lunch, snacks and Bay Club gear.

Training Dates | TBA

CIT's must attend two separate trainings

1. CPR | First Aid and AED certification
2. Camp Orientation.

CIT's age 13 must be picked up by an authorized parent or guardian.

CIT's aged 14 and 15 may check themselves out with a note of parental approval on file.

CIT's of any age may not leave campus for lunch.

Camper Code of Conduct

Our main goal is to provide each Camper with a safe and secure environment. We want to create a warm, comfortable, and fun atmosphere that will have your child looking forward to coming to Camp each day. Please take a few minutes to review the following Camper guidelines with your child.

While attending Camp at the Bay Club I will...

1. Listen and follow the instructions of counselors and staff.
2. Always stay with my group.
3. Keep my hands and legs to myself.
4. Not act aggressively towards my fellow campers or counselors.
5. Be kind and considerate to my fellow campers.
6. Not tease, taunt, name call, or bully my fellow campers.

7. Tell a counselor if I see or hear any bullying by another camper.
8. Use the trash receptacles and clean up my messes.
9. Be polite and use proper manners especially “please and thank you”.
10. Be aware while others are talking and will not interrupt.
11. Not bring iPods, cell phones, or any electronics to camp.
12. Be a good sport and have a lot of fun!

SAFETY FIRST!

The Bay Club is committed to providing the safest environment possible for all Campers. Here are just a few of our safety practices:

- All of our Camp Counselors and Leadership (18 years and older) are background checked, finger printed, and CPR[AED] First Aid trained. They also complete extensive camp orientation covering positive child developmental practices, conflict resolution, anti-bullying, and inclusive team building skills.
- Sunscreen is applied every 45 minutes.
- Campers with dietary restrictions or medical needs will be given an identification bracelet so all camp staff whom come in contact will be aware and provide appropriate care.
- Campers are adequately supervised when going to and from the bathroom, and will be aided by staff of same sex when needed.
- Campers will change after swimming inside our designated changing tents. If assistance is needed during changes, a Camp Counselor of same sex will provide help.
- We understand that swimming may bring up concerns for parents and we take the safety of your child very seriously so a swim test will be conducted for all kids under the age of 14. Those who can swim the length of the pool unassisted and can tread water for 60 seconds will be considered “water safe” and will receive a bracelet. Campers are to wear their bracelet daily. Those whom prefer not to test or unable to complete the swim test will have in pool supervision at all times.
- A minimum of two lifeguards in addition to camp staff and swim instructors will be present at all times while campers are in the water. Exact ratios to age listed below.
- All campers are checked out using a pin. If anyone other than you or second parent will be picking up, please log on to Bay Club Connect to enter their information. They will be assigned a PIN number. Campers will not be released without an authorized guardian on file and use of correct pin.
- Throughout the summer, all counselors are required to participate in interactive safety drills that directly relate to children in Camp. Whether it’s a bee sting, a food reaction, or another medical emergency, you can rest assure that your camper is in safe and knowledgeable hands.
