

IGNITE FAQs

1. What is IGNITE?

IGNITE is a complimentary 50-minute cardio and strength training circuit workout that incorporates cutting-edge equipment and technology. Participants can customize the workout to fit their individual needs. All IGNITE coaches are well-trained to provide modifications.

2. How does it work?

The IGNITE studio is split into two groups—cardio and strength. During class, you will circuit between the two equally. The cardio section consists of 5 Versa Climbers, 5 Lifefitness Treadmills, and 5 Concept 2 Rowers. The strength section consists of 15 Escape Decks where you will use dumbbells (ranging from 5–45 lbs), and resistance tubing. The entire workout is paired with a heart rate technology system that allows you to track your heart rate during class and overall caloric expenditure in the MyWellness App.

3. How do I prepare for class and what do I need?

Make sure you are well-fueled and hydrated. Simply bring a water bottle and heart rate monitor if you would like to track your workout.
