## PROGRAMMING

### STATIONS

Station based learning allow your child to engage in an activity that meets their interests, or float from one to the next as their attention span dictates. Lego Building, clay manipulation, drawing/ coloring with a variety of materials, puzzles, etc.

### SKILL BUILDING

Age appropriate skill building provide a variety of opportunities will be presented to challenge your child. Based on each individual's specific development, small and gross motor play will strengthen their skills.

### ARTS & CRAFTS

Centered around a common theme, arts and crafts will encourage creativity and imagination.

### MUSIC & MOVEMENT

Dancing, singing, musical instruments, songs, and acting will promote movement, physical activity and practice performing in front of a crowd.

### SPECIAL ACTIVITY

Cooking, guest presenter, science experiments, etc.

### STORY TIME

Early literature, comprehension, and storytelling is reinforced through arts and crafts, retelling and acting.

### SCIENTIFIC DISCOVERY

In the Exploration Station children will learn about scientific discovery through investigating nature, the human body, weather, etc.

### DRAMATIC PLAY

Children will enter Toddler Town and move between each structure discovering a tot-sized pretend town and all it has to offer.

### TOTX

A pint-size version of our group exercise classes, our young fitness enthusiasts will experience age-appropriate fitness courses, yoga and wellness practices.

### WIND DOWN

Quiet book reading, calming storytelling, music and guided meditation will end the day.
