

THE BAY CLUB

GUIDELINES FOR SAFE SQUASH

OVERVIEW

- With an average court size of over 1,800 square feet, squash naturally supports a robust level of social distancing between players.
- Court reservations should be made in advance via the online reservation platform. If a member arrives to the Club without a reservation, we will do our best to make accommodations as social distancing protocols and court time allow.
- All members must adhere to local guidelines regarding face coverings when entering the Club and when near other people.
- State and county guidelines for physical distancing and safety are in place and must be adhered to.

FACILITY & ARRIVAL

- Players are asked to arrive no more than 10 minutes prior to their reservation time.
- Members are asked to bring their own water, as water dispensers have been removed.
- Travel paths throughout the facility have been marked to ensure physical distancing.

SQUASH PLAY

- No equipment is to be shared between players.
- Each player must bring their own ball and racquet.
- Players will mark their own balls with clear and unique markings.
- Players are to only serve and touch their own balls.
- Players are encouraged to wear a glove on their non-dominant hand during play.
- When returning a ball to another player, the ball should be rolled or hit using a racquet to avoid touching another player's ball.

LESSONS & CLINICS

- Lessons and clinics are permitted as long as all protocols for physical distancing and safe play are maintained. Schedules and availability may vary by location. Please check with your local Club for details.

Please note that certain protocols may vary by County and are subject to change based on County Guidelines.
